JUNIOR FULL STACK DEVELOPER

Junior Full Stack Developer with a foundation in Web Development and Software Development and current hands-on training in modern full-stack development. Experienced with HTML, CSS, JavaScript and React, with practical experience using Git/GitHub and building responsive, interactive web applications in collaborative projects. Seeking a junior developer, graduate developer or software internship opportunity where I can contribute, learn from experienced developers and grow into a professional software engineering role.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React, React Router, CSS Modules, Responsive Web Design

Development: Component-based UI development, React state management, DOM manipulation, REST/API concepts

Tools: Git, GitHub, VS Code, npm, Chrome DevTools

Practices: Agile teamwork, collaborative development, debugging, version control

EDUCATION

Mission Ready — Full Stack Developer Programme — Current (2026)

ATC Vision College, Auckland — New Zealand Diploma in Web Development & Design (Level 5)

ATC Vision College, Auckland — New Zealand Diploma in Software Development (Level 6)

PROJECTS & DEVELOPMENT EXPERIENCE

Student Dashboard / Project Submission — Mission Ready

React • JavaScript • CSS Modules • React Router • Git/GitHub

- Collaborative React project involving reusable components and interactive student/project workflows.
- Implemented selection and completion behaviour for project submissions using React state.
- Built responsive page sections while working within an existing team codebase and routing structure.

JavaScript Portfolio Project — Mission 2

HTML • CSS • JavaScript

- Built an interactive portfolio-style website using JavaScript for browser-based interactions.
- Practised DOM manipulation, event handling, responsive styling and clean project structure.

Responsive Web Project — Mission 1

HTML • CSS

- Created responsive web pages with structured HTML, CSS styling and reusable page sections.
- Practised layout, navigation, visual presentation and Git/GitHub workflow.

PROFESSIONAL EXPERIENCE

Woolworths — Nightfill Assistant Apr 2025 – Present

- Overnight stock replenishment and inventory management in a fast-paced retail environment.
- Work reliably to deadlines while maintaining accuracy, organisation and team communication.

Woolworths Milford & Warkworth — Nightfill Assistant / Fresh Food Assistant Sep 2020 – Feb 2021

- Completed stock replenishment and customer-facing tasks while working as part of a team.
- Maintained accuracy and consistent service during busy shifts.

Team Global Express (Toll) — Class 2 Truck Driver Apr 2021 – Jan 2022

- Managed scheduled deliveries safely and reliably while following operational procedures.
- Built strong time-management, communication and responsibility skills.

Sweet Angel Couriers — Class 4 & 5 Truck Driver Feb 2022 – Nov 2024

- Completed delivery and transport work with a strong focus on reliability, safety and customer service.
- Managed routes, schedules and day-to-day operational responsibilities independently.

CORE STRENGTHS

Communication & teamwork • Problem solving • Time management • Adaptability • Attention to detail

CAREER FOCUS

Open to Junior Software Developer, Junior Web Developer, Junior Front-End Developer, Graduate Developer, Graduate Software Engineer, Junior Full Stack Developer and Software Development Internship opportunities in New Zealand.
